Ansaldo STS wins contract for the Zhetygen – Korgas Line in Kazakhstan

- **The joint venture Kazakhstan TZ - Ansaldo STS Italy Limited Liability Partnership has awarded Ansaldo STS a contract worth EUR 45.6 million**

The joint venture “Kazakhstan TZ - Ansaldo STS Italy Limited Liability Partnership” has awarded Ansaldo STS (STS.MI) a contract worth around EUR 45.6 million for the design, supply, installation and commissioning of the signalling systems and telecommunications for the Zhetygen – Korgas Line (300 km in the South - East of the country).

The agreement, which was pre-announced in June, is particularly significant because it enables Ansaldo STS to position itself well for the massive investment programme planned over the next ten years to upgrade the country’s railway network.
